COST

Parish will charge families \$3.00/plate for Parish Options 1 and 2. If additional foods are added to the above menu, the family will be billed an additional charge to cover the cost. A 'guideline' sheet will be provided to families to estimate the number of attendees at luncheon. (We will use the same policy used at area parishes – if a family estimates 300 people to attend luncheon and only 150 attend – family is still charged for 300 people because food will be prepared for 300.) There will be no charge for children age seven (7) and under. Servicing funeral homes will bill families for luncheons and send payments to parish. A separate 'funeral luncheon account' will be established at parish office.

Family takes leftover food home or it is distributed at their discretion
